Fact Sheet
SY Sea Star & SY Sea Bird

Vessel Fact Sheet - S.Y. Sea Star & S.Y. Sea Bird

Introduction

About Sea Star & Sea Bird

The Sea Star and Sea Bird are modern custom-built yachts that combine space, comfort and authentic hospitality-at-sea for weekly live-aboard cruises and private charters around the inner Seychelles islands.

The 40m Sea Star is a custom-built yacht with three masts and five Bermuda sails. The Sea Bird is a two-masted 42m custom-built yacht with four Bermuda sails.

Both vessels serve as ideal platforms for discovering the islands' most exclusive and hard-to-reach places, from tiny granite islets to beautiful hidden coves.

Weekly 7-night cruises on Sea Star & Sea Bird are operated all year-round, with departures every Saturday, venturing throughout most of the inner island archipelago. This is an ideal option for individuals, couples and small families who seek the advantages of a yacht experience without bearing the costs of chartering an entire boat.

Charters are, however, available for up to 18 pax for groups of friends, family or executives who wish to discover the islands privately in their own way. A number of special niche programmes have been developed to cater for charter groups seeking a more specific activity to enjoy in the islands, such as sea kayaking, bird-watching, sport-fishing, cycling, hiking, diving and more. Cruises can be tailored to almost any special interest.

Accommodation & Service

Class & Comfort

Sea Star and Sea Bird each boast 9 spacious air-conditioned guest cabins, all between 9-11 square metres.

Each cabin features an ensuite bathroom, as well as reading lights, storage cupboard and power connections for charging computers and cameras or using other electronic devices such as hair-dryers. Cabins are cleaned daily by our crew.

A number of different areas onboard, from the two-tiered sundeck toward the bow, to the covered back deck and leisure area, ensure ample space for passengers to unwind.

The Silhouette Cruises Service Concept

Our service is what sets us apart from most small-ship cruises. With a mostly Seychellois crew attending to our guests, traditional Creole cuisine prepared daily and a relaxed, casual atmosphere onboard, we've created a special brand of hospitality that is natural, authentic and true to the Seychelles.

Sea Star & Sea Bird are each hosted by a crew of 9, to ensure our crew-to-guest ratio is always at least 1-to-2, even at maximum occupancy. The crew includes a captain, engineer, 2 deckhands, 3 stewardesses, a dive instructor and a dedicated chef.

Dining & Cuisine

Our Cuisine

Our chefs use fresh local ingredients to create an enticing blend of authentic Creole cuisine and international favourites. Each chef plans out their own menus for every cruise week, encouraging diverse and creative creations for every meal.

Breakfast features fresh fruit along with one of our chef's preparations, such as eggs or crepes, with toast, juice and tea/coffee. Buffets for lunch and dinner provide a culinary tour of the archipelago and its wide-ranging influences from Europe, Africa, South Asia and the Far East. Dinners may also be served as a three-course meal with starter, main course and dessert.

Meals can be enjoyed in the air-conditioned dining salon, or al fresco on the back deck's dining table, or even picnic-style on the sun deck.

Bar Service

Our stewardesses are always at the ready to serve drinks from our bar, be it for an afternoon refreshment, an aperitif at sunset or a glass of wine with dinner. However, in order to create an atmosphere in which our guests can feel at home onboard, we also allow self-service at our bar - guests are welcome to help themselves to drinks from the refrigerator at the bar by simply marking down their selections to be added to their bill.

Activities

Sailing

Sea Star and Sea Bird each boast modern furling systems, a powerful rig and large sailing area. Guests are welcome to assist our crew when sailing between islands.

Sea & Sport Activities

There are numerous opportunities throughout the cruise to enjoy snorkelling, kayaking, bottom-line fishing and stand-up paddle boarding - all of which are offered on a complimentary basis including the equipment.

Island Excursions

Each day onboard presents a new opportunity to explore isolated bays and coves, colourful marine parks, and protected nature reserves or uninhabited islands. Spotting the incredibly rare Magpie Robin and other endemic birds, visiting the UNESCO World Heritage Site of Vallée de Mai, or getting up close and personal with a giant tortoise, are just a few of the many special experiences that await on the islands we visit.

Diving

Diving and snorkelling in the Seychelles reveal the best of the magical underwater world that the Indian Ocean has to offer. Unique granite boulder formations, coral reefs and wrecks are home to colourful tropical fish, turtles, sharks, rays and many other species.

Some of the best dive sites in Seychelles' inner islands are easily accessible on our cruises. Each vessel has a dedicated PADI dive instructor onboard to accommodate the needs of both seasoned and novice divers alike. Introductory dives for first-timers and even PADI Open Water (or Advanced Open Water) courses can be conducted onboard.

All vessels are equipped with two dive compressors, 18 cylinders + refills, weights, assorted wet suits (shorties) and 8 full diving sets for hire.
