Green Tourism ECOLODGE

In the south west of the island, at 400m in altitude, Chamarel is surrounded by the natural park of the Black River gorges, a protected natural heritage site. In this region, the World Wild Life Society has managed to save a number of species from extinction like the kestrel, the pink pigeon, and the green parrot.

Lakaz is situated 55min from the airport, 1h from the capital Port-Louis, 10 to 15min from the most beautiful beaches on the island like the Morne and Baie du Cap!

10 to 15min from the small coastal villages of Black River and La Gaulette where you will find supermarkets and shopping centers.

Lakaz Chamarel Exclusive Lodge is a small „boutique hotel“, managed „like a Guesthouse“ but with the full service of a 5* hotel!

Unique and refined in the heart of a splendid tropical garden of twelve hectares, surrounded by the mountains of Chamarel, Lakaz Chamarel is a pearl among the top hotels of the destination which guarantees exclusivity and serenity to „nature and green tourism lovers“ in a warm and harmonious decor, and with a refined local cuisine.

COMFORT

Lakaz Chamarel includes a main building with its reception, lounges, TV room and library, the dining room and its terraces where meals are served. The kitchen is open and welcomes the guests who want to learn the recipes from the Chef!

Scattered around the main building, the 20 Rooms & Suites has a different decoration representing the diversity of different cultures on the Island. Each room declines its ethnic influence in its furniture and its decoration:

China, Africa, India, or simply tropical. The wood, the slate, the beams, the terra cotta, the ton ochre, beige and rust typically confer to this Exclusive Lodge, a Mauritian charm. The terraces open on the infinite one; the bathrooms to open sky make it possible to benefit from the spectacle of surrounding nature.

“Keep it secret; only tell it to your good friends...”
